SUMMARY

I am a multi-skilled engineer with a great passion for the Software, IT and telecommunications industries. I possess excellent design and problem-solving skills with the ability to understand new applications, processes and tools very quickly. I love to work in fast-paced environment and I adapt easily to new environments and unexpected situations.

RECENT PROJECTS

Santefarm

02/2020 - 03/2020

<https://santefarm.com>

Full design and development of business application (Android and iOS) for a pharmaceutical company in Kosovo. The application enables both buyers and business partners to make orders.

- Used technologies: Firebase, Flutter.

CORPORATE EXPERIENCE

Global IT Trainee

Dufry Group

07/2017 - 10/2017 Switzerland

A world-class leading retail company focused in converting travellers into customers.

- I worked with Active Directory service managing and maintaining profiles of all employees of the company.
- Optimisation and maintenance of the database of the company.
- Overlooked and assisted with any relevant IT needs.

IT Support

Kosovo Telecom

06/2015 - 09/2015 Kosovo

A business unit of Post and Telecom of Kosovo, the largest and main telecommunications authority in Kosovo.

- Worked as intern for the IT department monitoring backup systems and procedures to ensure data security.
- Identified and solved system issues reported by employees.
- Provided backup technical support to all non-IT departments.
